LETTER NO.

TO :

NPIC

FROM:

PMS/CL

25X11N:

Will you describe the items in the attached residual inventory in common terms and assign a present value to each item. The listing must be shopped to all directorates for possible use of the property. I am afraid they will not know, from the descriptions in the letter, whether or not the items have a useful value.

REPLY

DATE

The items listed in the attached residual inventory were required for use in the manufacture of the end item. They were manufactured specifically for that purpose and will most probably not have useful application elsewhere.

The attached drawings are supplied in lieu of descriptions. The ring post is similar to the Split Ring (a drawing was not available). I trust this information will satisfy your needs.
